Missouri Revised Statutes
Chapter 217
Department of Corrections
Section 217.575

August 28, 2001

Sales of goods or services to state or political subdivisions --promotion--price--certification of nonavailability required for state purchases, when.

217.575. 1. All goods manufactured, services provided or produce of the vocational enterprises program of the state shall, upon the requisition of the proper official, be furnished to the state, to any public institution owned, managed or controlled by the state, or to any private entity that is leasing space to any agency of the state government for use in space leased to the state agency, at such prices as shall be determined as provided in subsection 4 of this section.

2. No goods or services so manufactured, provided or produced shall be purchased from any other source for the state or public institutions of the state unless the department shall certify the goods or services included in the requisition cannot be furnished or supplied by the vocational enterprises program within ninety days, or, in the event the same goods or services cannot be procured on the open market within ninety days, that the vocational enterprises program cannot supply them within a reasonable time. No claims for the payment of such goods or services shall be audited or paid without this certificate. One copy each of the requisition or certificate shall be retained by the department.

3. The division of purchasing and the division of design and construction shall cooperate with the department in seeking to promote for use by state agencies and in state-owned or -occupied facilities the products manufactured and services provided by the vocational enterprises program.

4. The vocational enterprises program shall fix and determine the prices at which goods and produce so manufactured and produced and services so provided shall be furnished, and the prices shall be uniform to all. The cost shall not be fixed at more than the market price for like goods and services.

5. Any differences between the vocational enterprises program and the state, its departments, divisions, agencies, institutions, or the political subdivisions of the state as to style, design, price or quality of goods shall be submitted to arbitrators whose decision shall be final. One of the arbitrators shall be named by the program, one by the office, department, political subdivision or institution concerned, and one by agreement of the other two. The arbitrators shall receive no compensation; however, their necessary expenses shall be paid by the office, department, political subdivision or institution against which the award is given, or, in the event of a compromise decision, by both parties, the amount to be paid by each party in portions to be determined by the arbitrators.

6. The vocational enterprises program may sell office systems and furniture to any department, agency, or institution of the state or any political subdivision of the state either through outright purchase or through payment plan agreement, including handling charges, over a specified number of months contingent on the solvency of the working capital revolving fund. Prior approval shall be required by the division of design and construction for state agencies in situations where the office of administration controlled state-owned office space is involved and space in which a lease contract executed by the office of administration is in effect.

(L. 1982 H.B. 1196 § 101, A.L. 1989 H.B. 408, A.L. 1994 S.B. 763)

Catalog of products furnished public officers--institutions to report estimates of needs.

217.580. 1. The department shall develop a program to promote the products and services available from the vocational enterprises program.

2. Once every year, the vocational enterprises program shall issue a descriptive list of the styles, designs, qualities and types of goods, materials or services available for the ensuing year.

3. On July first of each year the proper officers of the state and of the divisions, agencies and institutions and political subdivisions of the state shall report to the vocational enterprises program estimates for the ensuing year of the amount of supplies of different kinds or the types of services required to be purchased by them that can or may be furnished by the vocational enterprises program.

(L. 1982 H.B. 1196 § 102, A.L. 1989 H.B. 408, A.L. 1994 S.B. 763)

About MVE
Missouri Vocational Enterprises (MVE) is a part of the Division of Offender Rehabilitative Services under the Missouri Department of Corrections. MVE utilizes offender labor, along with supervisors and administrative staff, to provide products and services to state agencies and other tax-supported entities. Great pride is taken in providing quality, efficiency and timely support to all of our customers.

Missouri Vocational Enterprises (MVE) is responsible for 28 different industries, services and agri-business operations located in ten correctional institutions throughout the state. Since it's beginning over 100 years ago, the program has been revised and expanded. At any one time, MVE employs approximately 1,300 offenders who provide a variety of products and services for sale to state agencies, city and county governments, political subdivisions, state employees and not-for-profit organizations. Its goal is to increase employment and training opportunities for offenders.

Varieties of vocational training programs are provided in various institutions throughout the state. Funding is obtained from the profits of MVE. Programming is directed at teaching offenders applicable work skills and habits prior to their release from prison. Some of the training programs include auto & diesel repair, upholstery, furniture and cabinet construction, carpentry and small engine technology.

As a benefit to the state and to taxpayers, MVE is self-supportive. Proceeds from the sale of our products are returned to the organizations revolving fund for operational expenses; i.e. salaries, equipment, raw materials, etc.

MVE activities are authorized by Missouri State Statutes, Section 217.575 and 217.580. The statute requires that any products or services produced by MVE must not be purchased from any other source without first obtaining a waiver from MVE. Additionally, orders may be placed directly to MVE, without utilizing the bid process.

BED

Simple, functional, superior strength, and handsome are just some of the terms we use to describe our single bed. The bed ends are built of solid Red Oak, posts measuring 2 1/2" x 2 1/2" x 36" tall are connected by rails 1 1/4" x 4" using mortise and tenon joints. The bedsprings are comfortable, heavy duty, and allow for mattresses up to 80". Firm, even support is provided by helically suspending 9 gauge long life sinuous wire on a heavy-duty frame of 2" x 1 1/2" angle down steel with reinforced corners. The hook-slot designed springs

lock securely onto 3/8" steel rods deeply embedded into solid oak bedposts. The hook-slot design allows for adjustable bedspring heights over a range of 21" in 8 positions. For stacking or "bunking" beds together securely, 3" x 3/8" steel pins are inserted into each of the bedposts. Each bed comes with two Bed Ends, one Heavy-duty bed spring and two 3/8"steel bunking pins. Specify: Lt. Oak or Dk. Oak. Dimensions 38" x 88" x 36"
